

# Take your parent communication to the next level 🚀

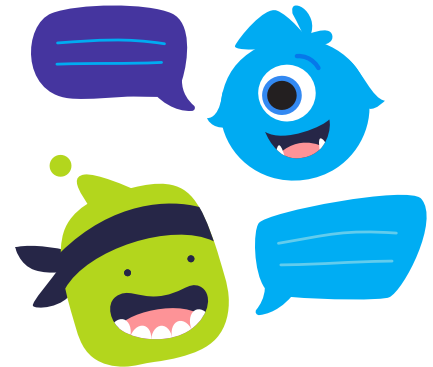

## Share the everyday magic of your classroom ✨

- Share photos, videos, files, and text updates on a private feed
- Showcase classroom activities, field trips, anchor charts, and more
- Enable families to have great "what did you do today?" conversations
- Get positive feedback and know that families have seen your posts

## Get instant communication on your terms 💬

- Send messages to families without giving out your phone #
- Schedule in advance and set "quiet hours" on nights/weekends
- Get read receipts on your messages — a teacher-only perk!
- Download your message history to share with admin if needed

## Give students ownership of their learning 💡

- Let students build a digital portfolio that follows them year-to-year
- Use photos, videos, drawing, journal entries, and more
- Share home, so families can support learning with comments
- Organize work into digital folders; say goodbye to piles of paper

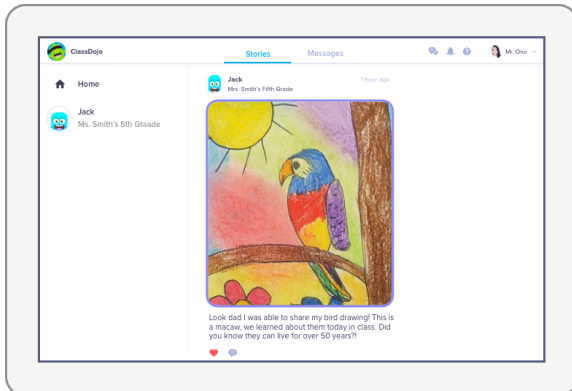

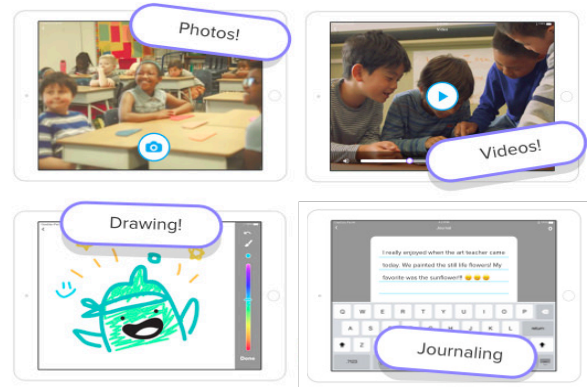

**Automatically translates into 35+ languages & 100% free!**

# Everything you need to know about: ClassDojo Portfolios

## For students

- Students share their learning using photos, videos, drawing, journal entries, and more
- Students easily log in using a QR code, text code, or their Google login
- Students' portfolios follow them from year-to-year, for free

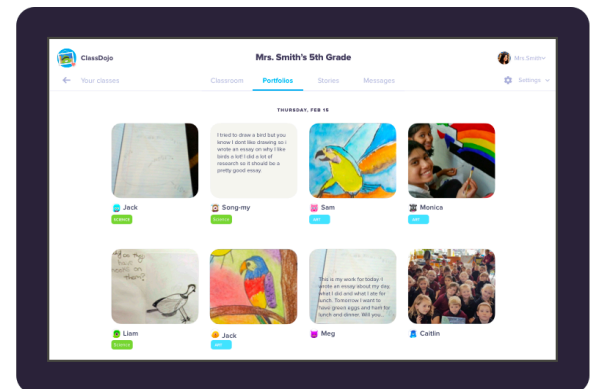

## For families

- Families only need one app to get portfolios, see photos from class, send messages, and more
- Families love seeing what their child is working on, so they can leave encouraging comments and support their child at home

## For teachers <sup>100</sup>

- Teachers create unlimited activities for students to complete on shared or 1:1 devices
- Teachers approve posts and can leave feedback for students and families to see
- Teachers organize classwork into folders for easy viewing; say goodbye to piles of papers :)

**100% free, forever!**
